Also, it is mandatory that all proposers list Exceptions of any material restriction that may be proposed by Providers. The Exception section of your proposal should also be used to list any specifications with which you cannot comply for legal, privacy, security, or any other reason.

Any terms and conditions stated in the original specifications will apply to any extended periods. Approval on behalf of the County to renew this contract shall be made by the County.

H. SELECTION CRITERIA

The County of Harnett reserves the right to award the subjects of the RFP, in whole or in part, to those providers who demonstrate professional competence in submitting proposals that satisfy cost and servicing criteria. Proposals will be carefully evaluated for cost effectiveness and compliance with the servicing criteria contained in the specifications. The County will consider the merits of each proposal, either on a consolidated or fragmented basis. Award may be made to the responsible provider that, in the County's sole discretion, best meets the needs and interest of the County. The County has little interest in marketing materials that lack substantive direct responses to this request. Verbose, generic, or boilerplate responses to this RFP will be evaluated with similar regard given to this section of the RFP.

I. SERVICING CRITERIA

The County of Harnett strongly desires to receive personalized and timely professional services of the highest professional quality from the selected provider. Claims Service Providers who demonstrate professional capability, expertise and experience in handling an account the size of the County of Harnett will receive favorable consideration. Servicing criteria will be evaluated in terms of such considerations as:

1. Number of years in business
2. Size of staff and location of office(s)
3. Experience of provider's staff
4. Professional servicing capability (loss control, claims management, utilization review, information storage systems, etc.)
5. Capability and willingness of the provider to personally respond to the professional needs of the County in a timely manner
6. Technical skills of staff as respects claims issues and knowledge of certain internal risk management administrative considerations (budgets, cost allocations, legal trends, etc.)
7. Compliance with terms outlined in this RFP

Appropriate emphasis will be placed on these considerations with respect to the evaluations of the proposals, as well as the servicing plan requested in this section of the specifications. Each proposer is asked to submit a written addendum to his proposal which responds to this item, and which specifically identifies the names of personnel who will be responsible for servicing the County of Harnett. The written addendum should include the qualifications and experiences of account executive personnel and technical support persons who will be directly responsible for servicing the County of Harnett. A proposed plan should be clearly explained how you intend to deliver the requested services in a personalized and timely manner.

J. **MARKETING PHILOSOPHY**

It is not the philosophy of the County to frequently request competitive proposals. The County intends to develop a relationship with its claims service provider, and to remain consistent with this philosophy after completion of this RFP process. However, the County will retain the right to terminate any service agreement if the provider does not meet the performance criteria agreed upon at the inception of the agreement.

K. **DISQUALIFICATION AND REJECTION OF PROPOSALS**

Failure to comply with the requirements or the procedures set forth herein, or to satisfy the servicing criteria as set forth in the specifications, may result in disqualification of the proposer or rejection of the proposal. It is not intended that technical exceptions to the specifications will, in and of themselves, disqualify proposers, unless the exceptions are deemed to be material. The County of Harnett reserves the exclusive right to determine what is or is not material.

L. **LEGAL**

All proposers are expected to comply with all federal, state and local laws and regulations relative to the preparation and submission of proposals for third-party claims administration services. All proposals that are submitted will be presumed to be compliant with all applicable laws.

M. **AUTHORIZED SIGNATURE**
