Said exterior siding shall be in good condition, complete, and not damaged or loose.
- E. The tongue or towing device shall be removed.

## HARNETT COUNTY COMPREHENSIVE GROWTH PLAN (HORIZONS 2040)

### VISION

Harnett County is a unified, safe, healthy, and engaged community that is culturally vibrant, well-planned with a thriving economy and a high-quality educational system, in harmony with its environmental and beautiful natural resources, and with strong leadership ensuring equitable services so that all citizens will prosper.

### FUTURE LAND USE CATEGORIES/

**Agricultural Protection Area:** Areas of the county with concentration of agriculture, timber operations and natural resources. Farmland preservation efforts should be focused in these areas. The established low density development pattern and ongoing agricultural activities in these areas contribute to their rural character. This character can be enhanced by encouraging only low intensity uses such as agriculture and support businesses, and very low-density single family residential with context sensitive rural design. New residential development should be limited in density and scale. Density should generally be less than 0.5 dwelling unit per acre.

### LAND USE GOALS & STRATEGIES

LU-1: Manage growth in order to protect natural resources, agricultural areas and rural character.

H-1: Accommodate a mixture of housing types in appropriate areas.

Strategy 1A: Ensure zoning policies continue to provide ample opportunity for a variety of housing types.
